

**Dr. PMS Chauhan figured amongst the top 2% scientists in the world**

It is a matter of proud for us that Dr P M S Chauhan is named amongst the top 2% scientists in the world, declared by Stanford University, USA. Dr Chauhan is former Chief Scientist, CSIR-Central Drug Research Institute, Lucknow he has been recognised globally for his contributions in Medicinal Chemistry, viz. in the areas of heterocyclic compounds and its application as antimalarial, filarial, leishmaniasis and orphan diseases. Dr Chauhan is Secretary of Indian Society and Chemists and Biologist, India and also the Editor in Chief of Chemistry & Biology Interface.

Congratulations!!! on behalf of the members of the society for his outstanding achievements.
